GENERAL SUMMARY

S e c t o r	1392/93 H-1972/73 Development Budget-Allocation	P a g e
1- Agriculture & Agricultural Reform .	53,000,000	3
2- Industry & Mineral Wealth.	48,148,000	
3- Petroleum.	31,658,000	
4- Electricity.	32,000,000	
5- Transport & Communications.	47,000,000	
6- Education & National Guidance.	39,000,000	
7- Public Health .		
8- Labour and Social Affairs.		
9-Housing & Public Utilities		
10-Local Administration .		
11-Economy and Trouism .		
12-Information and Culture .		
13-Planning and Administration .		
14-Reverse		
Grand Total	367,000,000	

3/...

Head 1 - AGRICULTURE & AGRICULTURAL REFORM

Item (1) - Integrated Agricultural Development Programme :

a - Jefara Plain : Completion and reclamation of 1,100 hectares, and cultivation of Wadies (valleys) Almayyet, Al Etherl, Al-Hira, Etlah and El-megenin.

b- Jebel Lakhder : Construction of a dam over Wadi Derna, and agricultural expansion in Jebel Lakhder (The Green Mountain).

c- Al-Kofra & Essarir : Completion of studies on Tazerbo, Jalo, Ogelah, and Essarir.

d- Al-Shatti , Ajal and Traghen Areas .

Item (2) - Reclamation and Plantation Programme :

Projects included under this item are :

a- Tauerga b- Colina Verde c- Ghute Sultan

d- Al-Jofra c- Al-Gawarsha f-Janduba

g- Ghadames k-Tobruk-Derna Coastal project

i- Development based on Well-Water in Missurata Area.

j- Development of old farm.

k- Develpment of recovered farms.

Item (3) -Development and Utilization of Wadies (valleys) Programme:

a- Wadies under execution and utilization

1- Tilal, Al-gubaiba and Al-Jaref.

2- Wadi Gattara.

3- Wadi Marcus .

4/...

b- Wadies under study and execution :

1- Wadi Kaam .

2- Wadi Samlos .

3- Wadi Kharrouba .

c- Wadies under final study :

1- Study of (15) Wadies in L.A.R., including ,Arrabu,Al-Kharrouba, Alfarigh, Tilal,Al-Jaref, Zaza, Omm Hiffin,Al-Shpairah, Al-Muallag, Al-Khalij, Lubda, Suke El-Khamis, Abu Shiba, Muhr and Sikfil .

d- Wadies under investigation :

1- Wadi Sofe El-Jin .

2- Wadi allood and Zamzam .

Item (4) Ground Water Utilization Programme :

a- Utilization of Spring and Well water supply :

1- Drilling of wells in Fatayeh .

2- Drilling of two wells in Yefren.

3- Improvement of irrigation system and well water supply in Ghadames.

4- Rehabilitation of (10) wells in Wadi Shatti.

5- Drilling of a test well in Al-Giarabab .

6- Improvement of the irrigation system in Arrabita East and Arrabita West in Garian Area.

7- Construction of an irrigation system in Nesma.

8- Drilling, deepening and lining of wells in the Muhafadat of Sebha .

9- Al-Kassabat water project.

5/...

10- Drilling of (6) wells in the Mohafadat of Garian.

11- Development of a farm in Derj.

12- Drilling of a deep test well in Ghat .

13- Utilization of Artesian wells drilled in Tripoli and Zavia areas.

14- Drilling of two artesian wells in Uaddan .

b- Study of the Hydrological System and Classification of Soil in the L.A.R. :

1- Study and Survey of water and soil sources.

2- Use of isotopes in researches conducted on ground water.

3- Detailed study of selected areas in Jefara,Sirte and Jebel El Akhdar.

4- Exploratory hydrological study in the area of Ghadames, Derj,Sinawen and the Western part of Jebel Neffussa.

c- Completion of the Construction Work of the Water Head Office.

d- Experts and Technicians.

e- Tools and Equipment.

Item (5) - Pasturage Programme:

Study ,establishment and development of pasturage and ranges.

Item (6) Animal Production Programme :

a- Cattle development project .

b- Sheep development project .

c- Development of poultry raising and egg production

6/...

d- Animal Production Related Services :

1- Artificial se

2- Establishment of dairy production gathering centres in Tripoli, Al Zavia, Benghazi and Missurata.

c- Development of Veterinary Services :

1- Construction of medicine storing units in Tripoli and Benghazi.

2- Establishment of veterinary dispensaries and units.

3- Establishment of veterinary quarantines.

4- Design of the veterinary laboratory in Tripoli.

Item (7) -Plant Production Programme :

a- Multiplication and provision of improved seeds and fruit trees seedlings.

b- Development of onion growing and storage in the Muhafadha of Sebha .

c- Plant diseases and pests control

d- Bee-keeping project.

Item (8) - Date -Palm Production Programme :

(Improvement, develcpment and multiplication of date palm trees).

Item (9) - Forestry Programme :

a- Development of forest trees nurseries and seedling production.

b- Afforestation of land and protection of afforested areas.

c- Reinforcement and expansion of Ranger's Centre.

Item (10) - Agricultural Machinery Programme :

a- Seasonal farming.

b- Construction of workshops and sheds for the maintenance of agricultural machinery .

c- Agricultural machinery operation training centres.

7/...

Item (11) - Agricultural Extension Programme :

a- Establishment of integrated extension units in Zavia, Al-Khalij, Sebha and Missurata.

b- Reinforcement and improvement of extension services.

c- Supporting of agricultural cooperatives.

d- Development of rural community.

Item (12) - Marketing and Storage Programme :

a- Marketing of Crops

b- Construction of Silos : including grain silos in Zleiten, Al-Marj, Tobruk, Al-Hashan, Tripoli, Suani, Sebha and Benghazi; as well as, prefabricated Silos in Al-Hawari, Suani-Tripoli road, Tripoli Port, and Benghazi Port .

c- Construction of grain stores: Jefren, Jado, Sirte, Al-Kassabat, Annofaliya, Ghadames, Derna, Agedabia, Brak, Morzuk, Ghat, Hon, Jalo, Al-Kofra, Abu-Grein, Gemaunes, Omsaad, Sorman, Al-Shueirif, Bishr, Derj, Abu Njeim, and Al-Catroun (23 in all).

d- Fodder importation .

Item (13) Agrarian Roads Programme .

Item (14) Agricultural Subsidies and Loans :

a- Long-term agricultural loans.

b- Government subsidies .

8/...

Item (15) Statistical Research and Training Programme :

a- Agricultural researches and experiments .

b- Agricultural census.

c- agricultural training.

Item (16) -Contribution to the Capital of Agricultural Corporations:

a- Al-Kofra Agricultural Corporation.

b- Public Agricultural Corporation.

c- Public Corporation for Land Reclamation .

d- Public Corporation for Water Well Drilling .

9/...

Head II - INDUSTRY AND MINERAL WEALTH

Item (1) - Industrialization Programme :

a- Projects under execution :

1- Two dairy factories, one in Tripoli and the other in Benghazi.

2- Construction of a flour mill in Tripoli .

3- Electrical Wires and Cables factory .

4- Glassware-factory.

5- Textile,Dying and Processing complex Plant.

6- Wood Washing and Spinning factory .

7- Ready-made uniforms-factory .

8- Construction of a modern tannery in Tripoli.

9- Shoes factory .

10- Spiral pipe factory .

11- Expansion of the Benghazi Cement Factory.

12- Expansion of the Khoms Cement Factory.

13- Dry Batteries Factory .

14- Construction of a flour mill in Zleiten.

15- " " " " " " Al-Marj.

16- " " " " " " Sebha .

17- Brick and Tile factory in Benghazi .

18- Expansions in Ben Ghashir and Irrgeiat factory.

b- Projects in the Process of Contracting :

1- Development of a Tunny Canning line in the Sardine factory.

2- Linear pipe factory ,Benghazi 44 000 tons/year (2 shifts/300 day
LD. 3,244,000,; 25 months construction time .

3- Scrap iron smelting factory .

10/...

4- Vegetable and fruit pressing and canning factory.

5- Lime-factory in Benghazi.

6- Pipe accessories factory .

7- Sardine canning factory in Khoms.

8- " " " " Zuara.

9- Dates processing and packing factory in Hon.

10- Paper bags factory .

11- Dates syrup factory in Zleiten.

c- <u>New Projects</u> :

1- Truck and tractor assembling project.

2- Utilization of potash deposits in Murada .

3- A chemical complex for the utilization of Abu Kammash salt deposits.

4- A Sardine factory in Benghazi .

5- Two fodder factories.

6- Wood flakes project.

7- Light sand bricks project.

8- A cement factory (3rd).

9- Baby food factory .

10- Two factories for concrete bricks.

11- Irrigation sprayer pipes project.

12- Household electric equipment and instruments.

13- A compressed wood factory.

14- Fluid batteries project.

15- Petroleum extracted protein project.

11/...

16- Tyres project.

17- Tomato canning project in Sebha.

18- Lime project in Tripoli.

19- Two furniture factories.

20- Olive oil press in Beida.

21- Insecticides factory .

22- Glazed tiles and Sanitary utensils project .

23- Organic fertilizer project .(included in Plan only).

24- Iron and Steel Complex . (" " " ").

d - Development of Productive Units .

Item (2) - Industrial Research Programme :

a. Technical and Economic Studies and Researches :

1- Industrial Survey .

2- Analyses of most essential industries .

3- Technical and economic studies and researches on selected industries .

4- Economic studies (analysis and evaluation) on the proposed iron and steel complex.

5- A special study on building materials.

6- Construction of the Research Centre Office building and laboratories.

7- Construction of a laboratory for industrial materials.

8- Construction of an automatic analysis laboratory .

/12...

b- Geological and Mineralogical Studies and Researches :

1- Preparation of a geological map .

2- Iron ore deposits in Wadi Shatti.

3- Limestones required for lime and cement industry .

4- Prospecting for radio-active materials .

5- Second and third stage of the study being conducted on the iron ore deposits in Wadi Shatti .

6- Geological mapping .

7- Field study of the Jebel Fezzan area.

8- Preliminary study on the search for phosphate West of Al-Harrouj Laswad.

9- Miscellaneous geological researches.

Item (3) - Encouragement and Promotion of Industry :

a- Subsidized power supply .

b- Promotion of national products.

c- Industrial training.

Item (4) - Development of Traditional Industries :

a- Derna Carpet Centre.

b- Carpet and Rug Centre in Missurata.

c- Carpet Centre in Beida.

d- Development of traditional industries in Sebha.

e- Development of the carpet weaving industry in Benghazi .

f- Traditional industries complex in Ghat .

g- Ceramics and Pottery Centre in Garian .

/13...

h- Study of the possibility of developing mat industry in Tauerga.

i- Ceramic industries in Ghadames .

j- Traditional Industries Support Fund.

Item (5) - Development of Fisheries and Sea Wealth :

a- Researches on off-shore fisheries .

b- Basic outfits and services .

c- Expanded utilization of marine wealth.

d- Training in off-shore fishing activities.

Item (6) - Industrial and Real-Estate Loans :

a- Real-estate loans.

b- Industrial loans.

/14...

Head III- PETROLEUM

Item (1) - Oil Refining Programme :

a- El-Zavia Oil Refinery - including Central Laboratory, oil mixing and packing.

b- Tobruk Oil Refinery .

Item (2) - Gas Processing Programme, (Gas Processing Complex).

Item (3) - Petroleum By-Products Warehouses :

Item (4) - Exploration and Production Programme :

Item (5) - Oil Tankers Programme :

Item (6) - Training Programme :

a- El-Ghiran Petroleum Institute.

b- Tobruk Oil Institute .

c- Training abroad.

/15...

Head IV - ELECTRICITY

Item (1) - Power Stations and Supplies :

a- Power Stations :

1- Construction of a steam power station- Tripoli West.

2- Construction of Tripoli gas power station .

3- Expansion of Azzahra power station.

4- Construction of Derna turbine power station, 60 m.w.

5- Construction of Benghazi power station, 3 x 40 m.w.

6- Construction of Sebha power station.

7- Construction of diesel power stations in : Hon , Brak , Morzuk, Elghreifa , & Bent Bayya .

8- Erection of power stations in : Zella , Ghudua , Traghen , Zueila , Bergen and Idri .

9- Benghazi gas power station and Juliana steam steam power station.

10- Supply and erection of two 2 x 12½ m.w. units in Benghazi.

11- Expansion of Sirte power station.

12- Expansion of Agedabia power station.

13- Expansion of Tobruk power station.

14- Expansion of Garian diesel power station.

15- Steam power station - Tripoli East .

16- Fernaj gas power station.

17- Delivery and erection of two power generators in Jalo.

18- Delivery and erection of two power generators in Ogelah.

19- El-Bardiya power station.

20- Delivery and erection of power generation in villages.

21- Purchase of diesel units for emergencies.

/16...

b- Lines and Networks :

1- Missurata-Ageilat 220 K.V. network.

2- Benghazi-Derna high tension line.

3- Construction of El-Fernaj-Tommina 30 K.V.network.

4- Al-Abiar-Benina-Almarj lines.

5- Benghazi-Sollong 30 K.V. line.

6- Construction of a 30 K.V. network in Wadi Arrabii.

7- Tobruk-El-Addem 30 K.V. line.

8- Massa- Marrawa 30 K.V. line .

9- Extension of a 30 K.V. network in Tripoli and neighbourhoods.

10- Main networks in El-Jebel El-Gharbi (the Western Mountain).

11- Reinforcement of a 30 K.V. network from the National Power Station in Tripoli West .

12- A 30 K.V. network to link Zuara Power Station with the general network .

13- Construction of a 30 K.V. network under the supervision of th Electricity Corporation.

14- Reinforcement of Tripoli 30 K.V. networks .

15- Construction of medium and low tension networks and connections to consumers.

16- Extension and renovation of Benghazi network.

17- " " " " Agedabia " .

18- " " " " Derna " .

19- " " " " Sollong " .

20- " " " " Tobruk " .

21- " " " " Al-Abiar " .

/17...

22- Construction and extension of rural networks.

23- Power Supply distribution in Al-Mheishi Quarter.

24- Power Supply distribution in Kofra.

25- Construction and extension of Sirte Network.

26- Construction of power sub-stations for the reinforcement of Tripoli network.

27- Electrification of Missurata and Casr Ahmed.

28- " " Zaviet-El-Mahjoub.

29- " " Missurata West .

30- " " Zleiten, Al-Munttariha,Al-Fawatir and Al-Guimaa.

31- Electrification of Gheneima town.

32- " " Al-Khoms-Al Kassabat.

33- " " Quarries area in Al-Maya.

34- " " Al-Harsha area in Zavia.

35- " " Zavia West.

36- " " Sorman East.

37- " " Sorman West.

38- " " Sabratha East and West.

39- " " Sabratha South .

40- " " Azzahra-Annassiriya -Assaadiya.

41- " " Bir El-Ghenem and Jefara plain.

42- " " Garapolli and Casr Khiar.

43- " " Al-Khitna & Wadi Errabii .

44- " " El-Ageilat .

45- " " El-Jebel El-Gherbi towns.

/18...

46- Laying of 11 .K.V. cables for the reinforcement of Tripoli network.

47- Electrification Azzahra and Surroundings , & modification of 6 K.V. networks to 11 K.V.

48- Electrification of Tajoura & El-Wadi El-Gharbi.

49- Electrification of Tauerga (medium and low tension) .

50- Electrification of Omm El-Arnab, Hon , Sockna, Uddan and Ghat.

51- Extension of low tension networks to national residential zones.

52- Construction of main networks in the South .(included in Plan only) .

Item (2) - Workshops and Stores Programme :

a- Electricity Workshops building in Benghazi .

b- " Stores and Workshops in Tripoli

Item (3) - Training Programme :

a- Establishment of a technical training institute in Benghazi.

b- Training expenditures .

Item (4) - Energy Sources Study Programme :

a- Study of possible uses of atomic energy in peaceful purposes.

b- Study of possible uses of natural gas.

Item (5) - Transport Programme .

/19...

Head V- TRANSPORT AND COMMUNICATIONS

a- Completion of the coastoal road- to fulfil commitments and complete Gurgi-Sabratha road.

b- **Completion of main roads:**

1- Nalute-Ghadames Road.

2- Solloug-Thleimon " . (Second stage).

3- Solloug-Ghemmines " . (Second stage).

4- Ghute Abu Safiyya " .

5- Reconstruction of Sebha-Obari road .

6- Gara Polli / Ismaailiya road .

7- Brak / Idri road.

8- Sebha-Ghudwa -Morzuk road.

9- Agedabia-Jallo road (2nd.stage).

10- Tripoli-Airport road.

11- Settlement of existing commitments.

c- **Roads Ready for Construction :**

1- El-Aziziya / Abu-Ghilan road.

2- El-Aziziya / Bir Ayyat / El-Josh road.

3- Regdaline / El-Assa road.

4- Tiji / Kabao road.

5- Suke El-Ahad / Fum Malgha road.

6- Zueitiniya road.

7- Derna Cornice road.

8- Shahat / Sussa bridge.

9- Traffic Signposts.

/20...

d- Roads under Preparation of Specifications for Construction:

1- Abu Grein-Uaddan road.

2- Uaddan-Sebha " .

3- Morzuk-Omm El-Araneb -Zuaila road.

4- El-Maknoussa - Wadi Atba-Morzuk road.

5- Zavia -Bir El-Ghnem road.

6- Jalo- El-Kofra.

e- Roads in the Process of Study and Preparation of Specifications:

1- El-Hadba-Ben Ghashir-Tarhuna road.

2- Casr Khiar-El-Kassabat road.

3- Nalute-Wazen road .

4- Garian -Errabta road .

5- Construction of various roads (150 Klms.).

6- Tarhuna -El-Khoms road (included in Plan only).

f- Study of the Possible Construction of Railway Lines.

g- Coverage of Capital Balance of the Libyan Public Corporation for Road Maintenance and Construction.

h- Workers' Training Expenditures .

Item (2) - Seaports Programme :

a- Tripoli Port - Settlement of outstanding commitments and consultant fees ; execution of 2nd.Stage and Construction of a dry floating dockyard.

b- Benghazi Port- Settlement of outstanding commitments and study possible development of Port.

/ 21...

c- Missuarata Port .

d- Derna Port .

e- Industrial Complex Terminus.

f- Automatization of Port Activities .

g- Training .

h- Purchase of 4 floating docks .

Item (3) - Airports Programme :

a- Construction and Development of Airports :

1- Construction of Tripoli Airport .

2- Ghadames Aerodrome .

3- Ghat " .

4- Runway lining of Benina Airport .

5- Sebha Airport - including extension of runway .

b- Aviation Equipment and Information Centre:

1- Consultant's fees .

2- Purchase of Teleprinters .

3- Instrumental Landing Equipment .

4- Modern Wireless Communication Equipment .

5- Aviation Testing Equipment (included in the Plan only).

6- Wireless Navigational Aids (included in the Plan only).

c- Experts and Training Expenses .

/22...

Item (4) Land Transport Programme :

a- Completion of Central Workshop , Benghazi .

b- Expansion and equipping of workshos and warehouses.

c- Workshops and warehouses under study :

1. Construction of Central Workshop , Tripoli.

2. Construction of Workshop and Warehouse ,El-Marj.

3. Construction of Workshop and Warehouse , Khalij (Gulf).

Item (5) Sea Transport Programme :

a- Purchase of oil tankers :

1. Purchase of five oil tankers .

2. Spare parts .

b- Purchase of Cargo ships :

1. Purchase of five ships .

2. Spare parts .

c- Training expenses .

Item (6) Air Transport Programme :

a- Establishment of offices abroad .

b- Training .

c- Supply units .

d- Ground services.

e- Compensation of operational loss .

f- Internal Transport Project .(Included in the Plan only).

Item (7) Public Passenger Transport Programme :

a- Purchase of buses .

b- Mobile workshops and equipment .

/23...

c- Conducting of technical and commercial study for the Public Transport Facility .

e- Training expenses.

Item (8) Telecommunications Programme :

a- Telephone Central and Cable Networks, Tripoli.

1. Cable network of central Tripoli .
2. Cable network, Andalus area .
3. Cable network, Fernaj area .
4. Telephone central , Zawia .

b- Telephone Central and Cable network , Benghazi .

1. Telephone station and cable network, Abdul Munim Riad Street.
2. Erection of Fuweihat station .
3. Telephone centre , Sabri .

c- Control Building and Cable Network Stations at other towns.

1. Station and cable network , Sebha .
2. Completion of station and construction of cable network, Derna .
3. Construction of station and cable network , Misurata.
4. Construction of station and cable network, Zavia .
5. Expansion of central and cable network, Ajedabia.
6. Expansion of telephone centre and construction of cable network , Sirte .
7. Station and cable network, Ras Jedir .

d- Main Radio Network of the South .

e- Coastal Radio .

/ 24 ...

f- International Communication Network .

g- Training Expenses .

h- Mechanical Equipment and Devices .

i- Settlement of Previous Commitments .

j- New Projects .

1. Development of automatic call between cities .

2. Equipment for the increase of exchange capacity and relevant erection.

Item (9) Meteorological Programme :

a- Electronic and Synoptic Meteorological Stations :

1. Electronic stations.

2. Synoptic stations.

b- Climatological Stations :

1. Climatological stations .

2. Agricultural climatological stations.

c- Eauipment and Devices :

1. Modern equipment for weather forecasts .

2. Transport and office equipment for meterorological stations.

d- National Broadcast and Communication Networks :

1. National Broadcast .

2. Telecommunication network .

e- Specialists and Trainees.

/25...

Head 6 - EDUCATION AND NATIONAL GUIDANCE

Item (1) - Primary Education :

a- Classrooms . — To start construction of 13273 classrooms of which 3318 classrooms in the first year .

b- Boarding sections .

c- Land compensations .

d- School furniture & equipment .

e- School laboratories .

f- Mobile housing units .

Item (2) - Preparatory Education :

a- Classrooms . — To start construction of 2122 classrooms of which 788 classrooms in the first year .

b- Boarding sections .

c- Land compensations .

d- School furniture & equipment .

e- School laboratories .

Item (3) - Secondary Education :

a- Classrooms . — To start construction of 333 classrooms of which 86 in the first year.

b- Boarding sections .

c- Land compensations .

/26...

d- School furniture & equipment .

e- School laboratories .

Item (4) - Vocational Education :

a- Industrial schools .	For the completion and furnishing of the Industrial School in Beida.
b- Agricultural schools.	To start construction of 64 classrooms of which 54 in the first year.
c- Commercial schools .	To start construction of 70 classrooms of which 50 in the first year.
d- Applied Engineering Institutes .	To start construction of 40 classrooms of which 20 in the first year.
e- Vocational Institutes for Girls .	
f- Institutes of the Deaf & Dumb .	

Item (5) - Teacher Training Institute :

a- Classrooms .	To start construction of 330 classrooms of which 234 in the first year.
b- Boarding sections .	
c- School laboratories .	
d- Land compensations .	To settle due commitments .
e- School furniture, equipment & cars .(Included in the Plan only).	

/ 27...

Item (6) The Libyan University :

a- Administration and Faculties' Buildings :

1. Administration and Faculties of Education, Agriculture, Engineering, Science and Medicine Buildings .	Including the high tension laboratory.
2. Administration and Faculties of of Arts, Commerce and Law, and also Library Buildings .	
3. Completion of Arabic Language & Islamic Studies Faculty .	Includes the previous commitments .

b- Construction of Student Housing Units and Facilities .

c- Furnishing of Faculties, Housing Units and Facilities .

d- Laboratories Workshops, Sheds & Equipment .

e- Public Facilities :

1. Sporting facilities .	
2. Stores .	
3. Public facilities .	Includes walls, wind shields, excavation of wells, sewerage and telephone centre.

Item (7) - Services Relating to Education :

a- Training .

b- School text books .

c- Audio-Visual aids.

d- School libraries .

/ 28...

e- School activities .

f- School stores .

g- Printing press .

Item (8) Post - Graduate Scholarships .

Item (9) Literacy .

Item (10) Antiquities . To settle existing commitments and purchase of machinery, equipment and excavation transport means.

Item (11) Development of Existing Schools . Excludes maintenance expenses.

/ 29...

Head 7 - PUBLIC HEALTH

Item (1) - Hospital Programme:

a- Completion , furnishing and heating of hospitals :

1. Completion,furnishing and heating of Zavia hospital .
2. " " " " " Tajura hospital .
3. " " " " " Khoms " .
4. " " " " " Zuara " .
5. " " " " " Mizurata " .
6. " " " " " Gharian " .
7. " " " " " Zleten " .
8. " " " " " Sebha " .
9. " " " " " Tobruk " .
10. " " " " " Ajedabia " .
11. " " " " " Derna " .
12. Modification of Tripoli Central Hospital (Includes neural and psychological disease section).
13. Modification of Pediatric section.(Scouts' house).
14. Expansion of Pediatric hospital, Benghazi .
15. Addition of prefabricated buildings to

b- Construction of new hospitals :

1. Construction of 1200 bed hospital , Tripoli.
2. " " " " " , Benghazi.
3. Construction of Brak hospital .
4. Construction of prefabricated hospital , Kofra.
5. Construction of hospital , Sabratha.
6. Expansion of Gumhureia hospital , Benghazi .

/30...

7. Construction of Mental Disease Hospital, (800) beds, Tripoli.

8. Construction of Cancer Institute , Tripoli.

9. Construction of Emergent Surgery Hospital, Tripoli.

10. Construction of First-Aid Section, Tripoli hospital .

11. Expansion of Ophthalmic hospital .

12. Expansion and renovation of Ghadames hospital.

13. Expansion of Yefran hospital by addition of one floor.

14. Construction of new hospital , Sirte.

15. Study of construction of Obstetric and Pediatric hospital, Zavia.

Item (2) Medical Services and Health Centres :

a- Health Centres :

1. Construction of Health Centre at Nalut connected with five dispensaries (in Cabao, Tiji, Wazen , Goah and Heraba).

2. Completion of health centre at Brega.

3. Construction of dispensary at Agar Otba .
